## ***Mt. Biking Mammoth Rock Trail:***

Mammoth Rock Trail is a great Intermediate to Advanced ride in Mammoth Lakes. (Beginners can enjoy this trail but should expect to walk some sections.) We will take a ride on the Town Trolley to Twin Lakes where you will see fabulous views of the Mammoth Lakes Basin. From there, we will embark on Panorama Dome Trail which leads to spectacular views on Old Mammoth Road. A short downhill ride on Old Mammoth Road leads to the Mammoth Rock Trail head. Views of the Owens Valley will take your breath away as you speed underneath the iconic Mammoth Rock.

**Time:** (1-4 hours depending on riding ability.)

## ***Mt. Biking Lower Rock Creek Trail:***

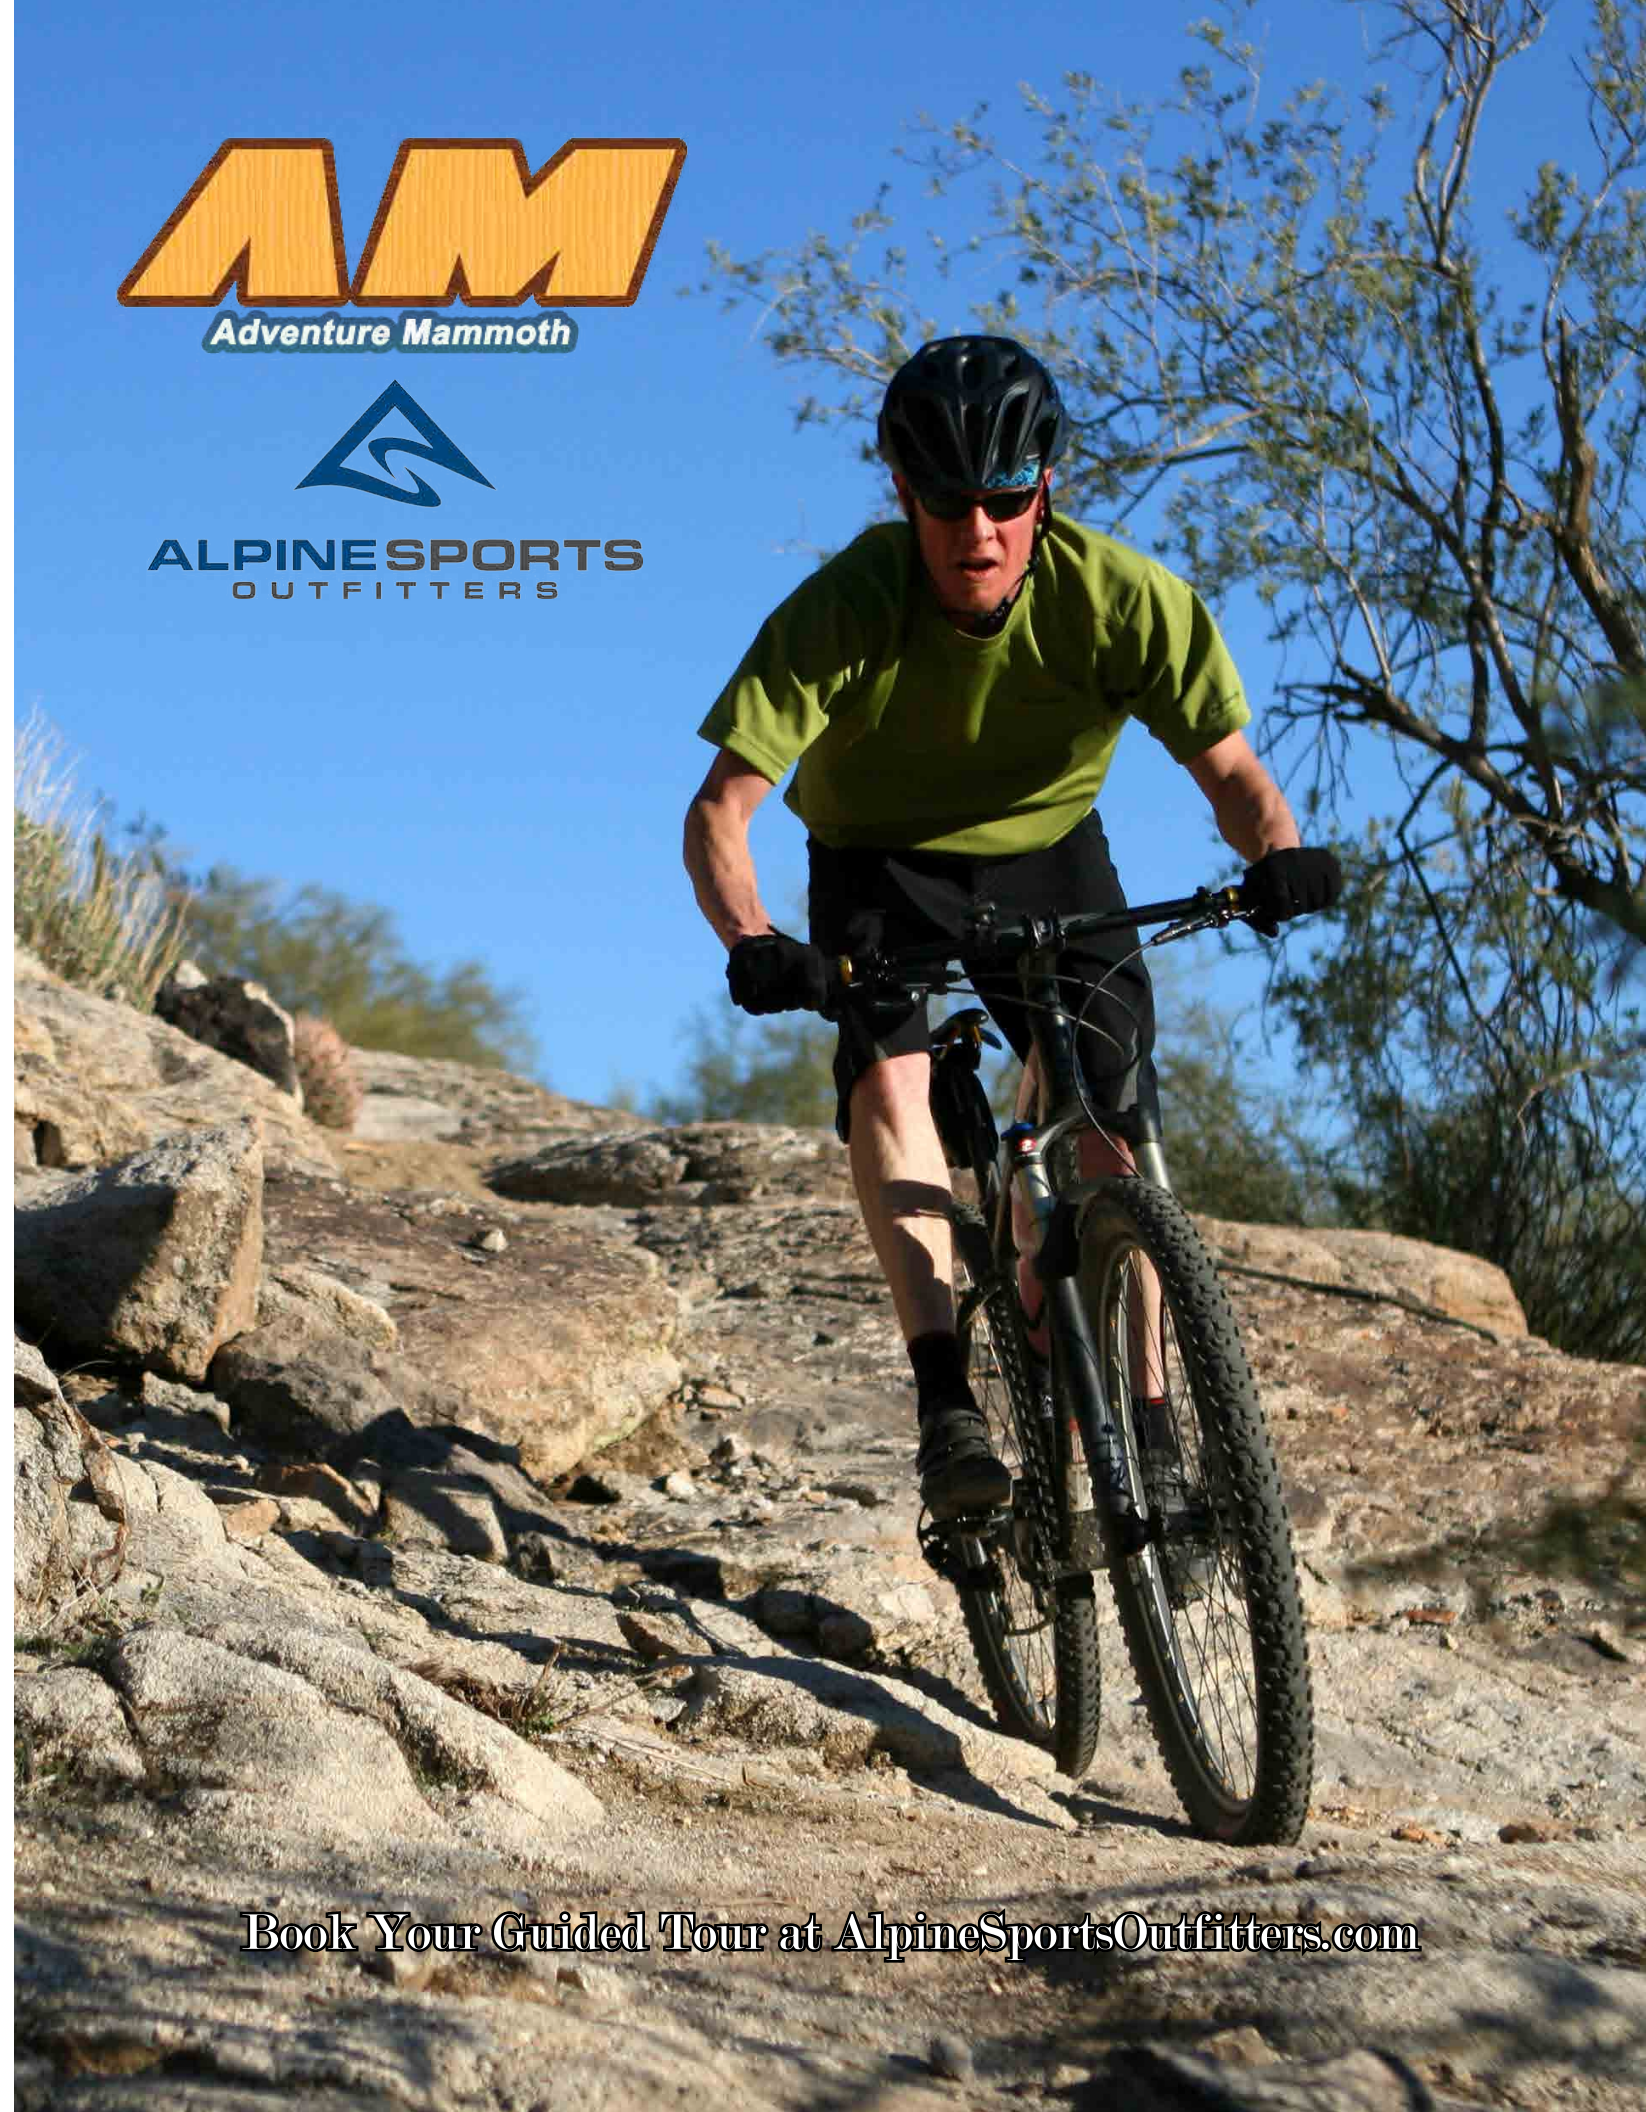

This incredible trail is great for all levels of riders. Mostly downhill, this **Mammoth Favorite** winds through Lower Rock Creek Canyon, adjacent to Rock Creek. This trail offers a fast flowing ride through the Aspens. With banked turns and technical rock sections, Lower Rock Creek Trail is just plain fun. There are two sections and the trail can usually be lapped several times, allowing you to learn the turns and really pick up speed!

**Time:** (1/2 day or full day depending on how many laps)

## ***Snowshoeing Inyo Craters:***

The Inyo Craters are a magnificent feature indeed. Volcanically superheated ground water created an enormous explosion (around 500 years ago) that would have been seen and heard for miles! This easy snowshoe is great for all levels of athleticism, winding down a groomed path through the ever still forest. We reach the Inyo Craters in about 3.5 miles making this a full day 7 mile roundtrip hike, so bring a lunch!

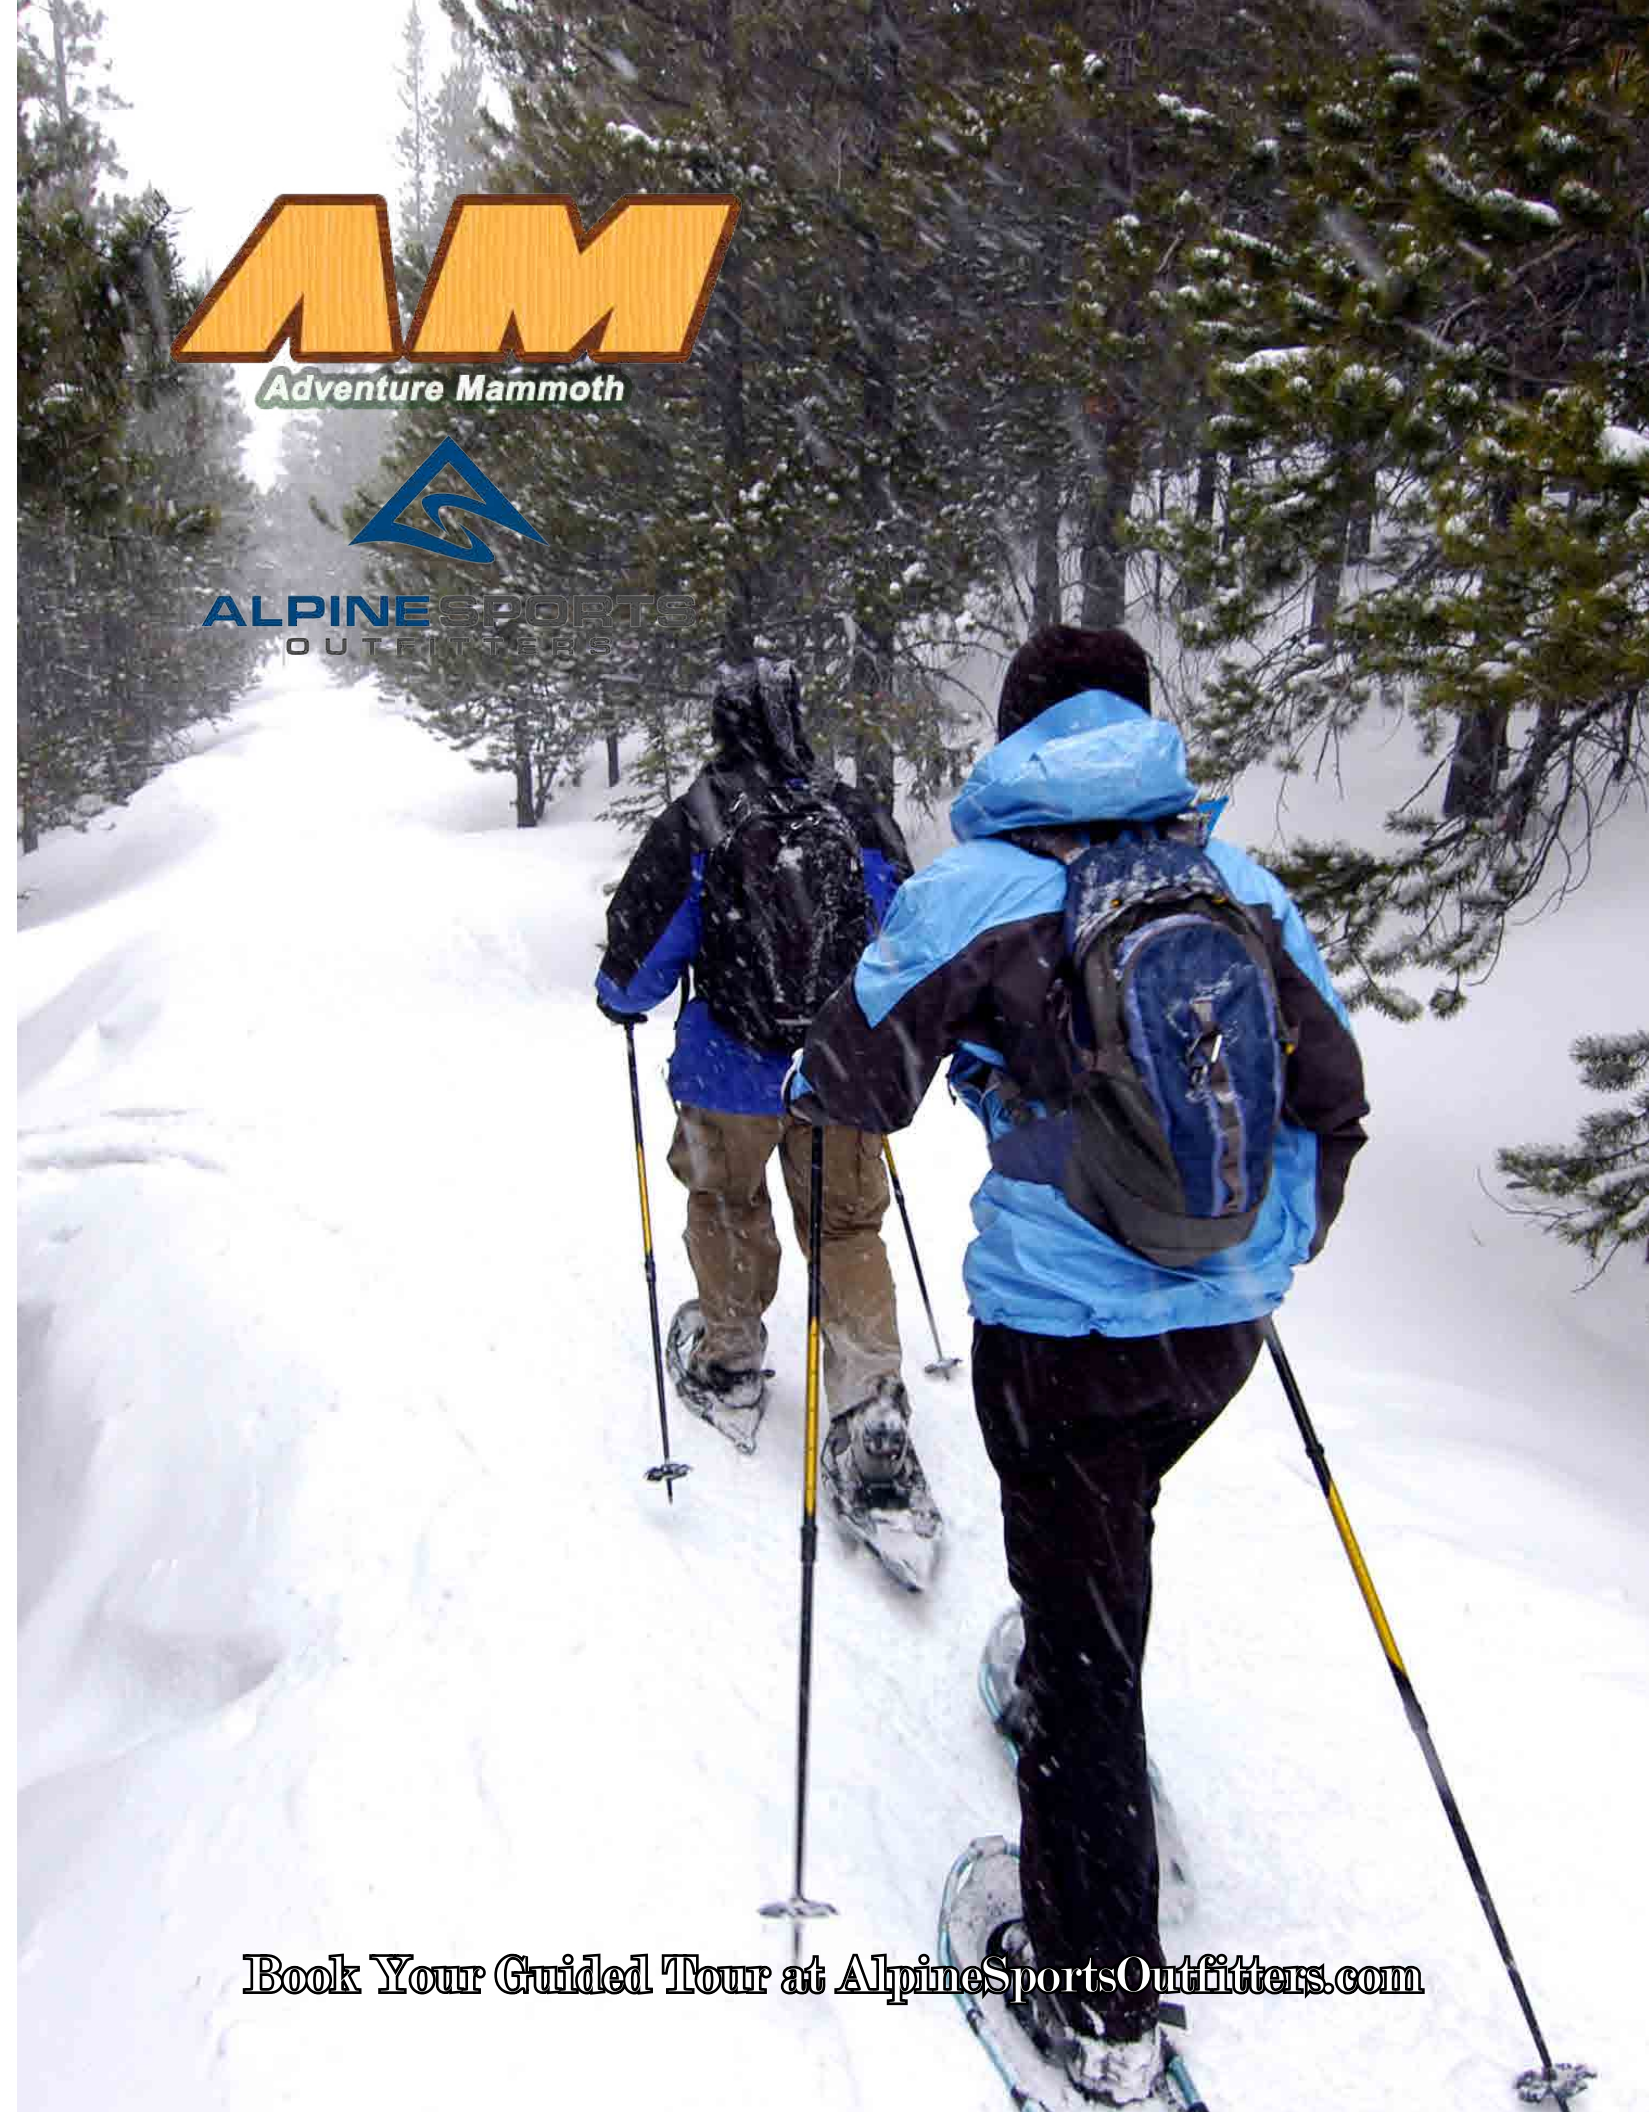

**Time:** (4-6 hours depending on ability)

## ***Snowshoeing High Alpine:***

Want to check out the Mammoth backcountry? but don't have the skiing/riding ability? Snowshoes make for a great way to get to the top! We have several incredible **high alpine tours** that offer views that will take your breath away. Climb as high as 11,000 ft on our San Joaquin Ridge tour to see spectacular views of the iconic Minarets, Mammoth Mountain, and the Owens Valley. As we summit the Mammoth Crest, Red Cone displays views of the Mammoth Lakes Basin, San Joaquine Valley, and Mammoth Mountain.

**Time:** (1/2 day or full day depending on location)

## Rock Climbing:

Mammoth Lakes and the Eastern Sierra is a Mecca for rock climbing. We offer guided climbing trips to some of Mammoth Lakes favorite crags. We offer both top rope and sport lead climbing on some of the best granite around. **This is a great activity for all ages and abilities!** Hoping to step up your climbing game, our guided staff are great instructors and will help you get to the top.

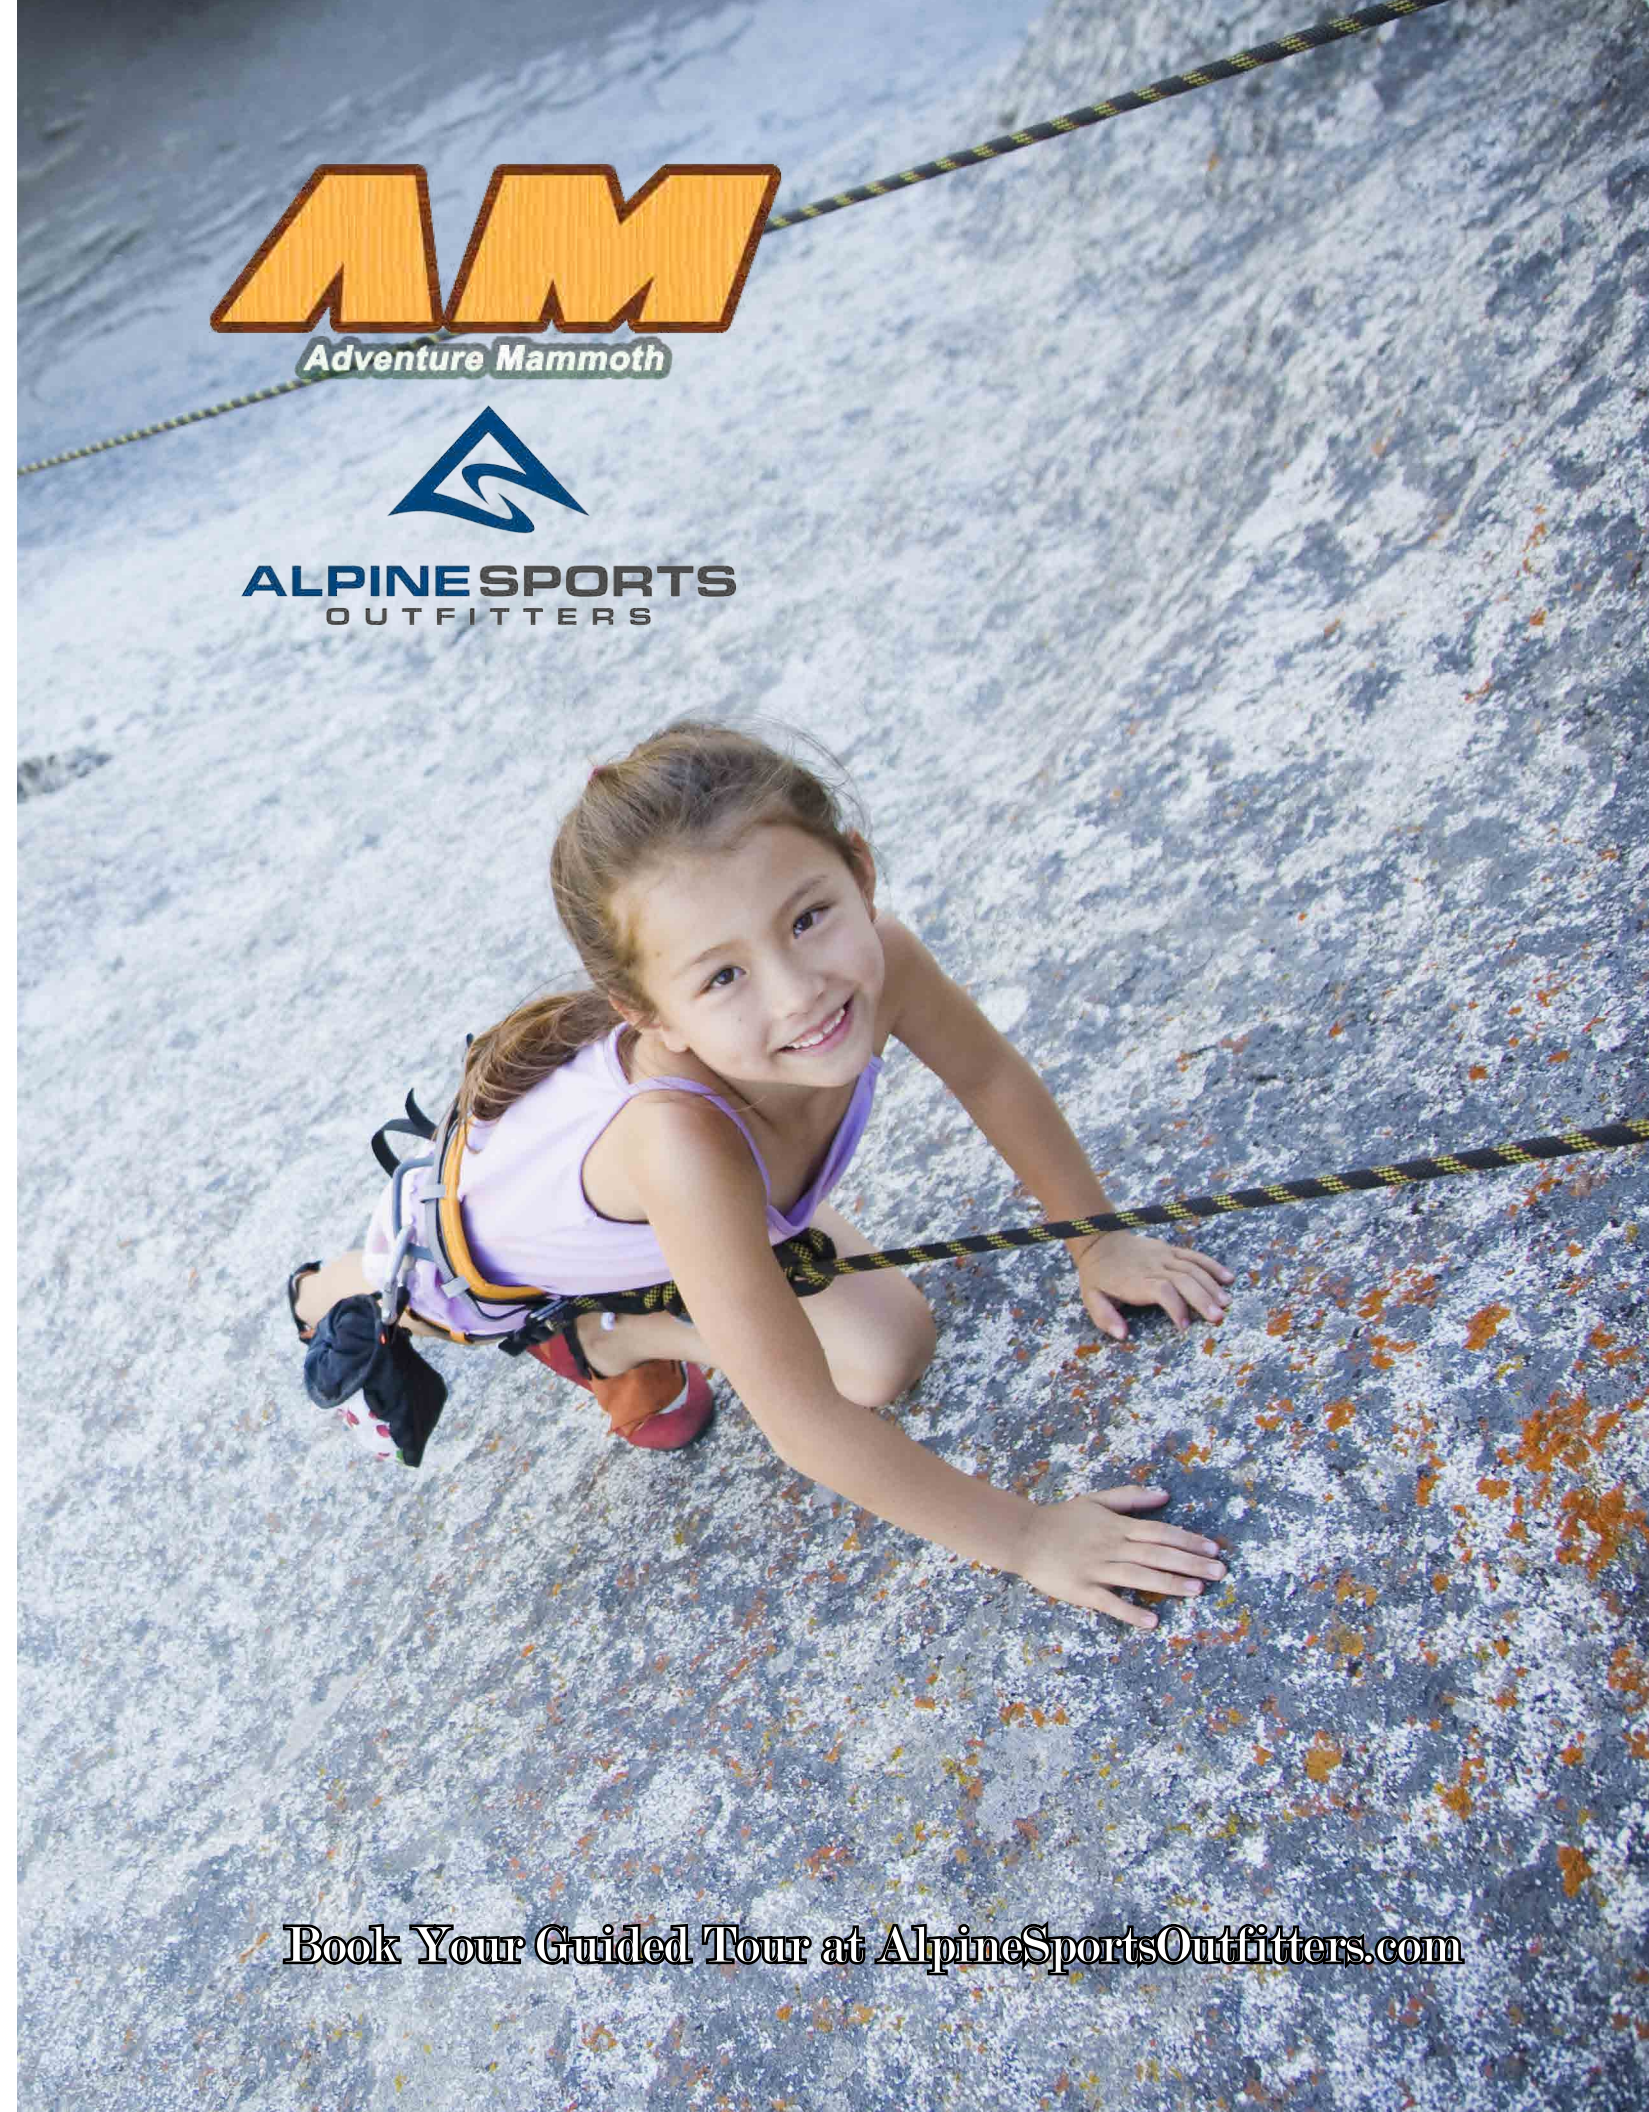

*Time:* (1/2 or full day)

## Bouldering:

Are you interested in rock climbing, or afraid of heights and looking for a climbing experience? Bouldering may be just what your looking for. Bouldering is the act of climbing on boulders much lower to the ground than rock climbing and without the use of ropes. We use crashpads and spotters for protection providing a fun way to practice your climbing skills making more difficult moves in a more comfortable situation more fun! This activity is great for all ages and skill levels.

*Time:* (1/2 day)

## ***Backcountry Skiing/Snowboarding:***

Are you an advance skier or snowboarder looking for more? Tired of waiting in line at the mountain for snow that get tracked out in an hour? backcountry skiing and snowboarding makes for an unforgettable adventure. Adventure Mammoth offers a list of incredible options for your backcountry expeditions, including:

**The Sherwin Mountain Range:** Overlooking the town of Mammoth Lakes, the Sherwin Mountains offer a wide variety of descents. It offers a fairly easy bootpack access. Enjoy a fast and exciting lap down Dempsy's Don't, or fule your adreneline with a breathtaking descent down Rock Shoot.

**The San Joaquine Ridge:** from the base of Mammoth Mountain we will take a hike up the groomed road HWY 203, until we reach the Minaret Vista. From here hike 2.5 miles to the top of the ridge and pick your line! Intermediate riders can enjoy some incredible untracked turns here as well.

**Red Cone Bowl:** The hike to Red Cone is just as impressive as the descent. Tucked behind the Mammoth Crest, overlooking the Mammoth Lakes Basin, Red Cone Bowl is a renound backcountry destination. Take several laps in the bowl before descending to Horshoe Lake.

**Time:** (1/2 or full day depending on location)

## ***Hiking and Backpacking:***

There is no better way to experience The Eastern Sierra than on your own two feet. Our guided hiking and backpacking trips are great for all levels of ability and ages. Day trips take you to incredible high elevation lakes where you can experience breath taking views of the snowcapped Sierra!

- Waterfalls
- Crystal Clear Lakes
- Spectacular Views

### **Overnighters:**

*Iva Bell Hot Springs*, this 2 or 3 day excursion is one unbeatable destination. After a long day of hiking with your food, clothes, and shelter on your back there is nothing like soaking in natural hot springs for a sunset showing out of a movie. Start this incredible hike by taking a detour to the magnificent Rainbow Falls.

*Thousand Island Lakes*, provides a spectacular hike through the Eastern Sierra offering views of waterfalls, scenic landscapes and a destination to one of the most memorable high elevation lakes in Mammoth Lakes.
